

Elements of an effective plan

The more thought, care, and consultation you put into a plan, the more successful it will be.

- ✓ Collaborate – form a partnership between parents, families, whānau, teachers, other school staff, and professionals.
- ✓ Include the voice of the child or young person wherever possible whether through being present themselves or through parents, whānau, friends, or siblings.
- ✓ Consider the child and young person's successes as well as challenges.
- ✓ Build a support team around the child or young person's teacher.
- ✓ Base your decisions on observations and data you have gathered rather than just on intuition or experience.
