

# Use photos and videos

Make effective use of digital technologies during transition visits.

- ✓ Take photos of key locations (for example, significant entrances, landmarks).
- ✓ Take photos of key people.
- ✓ Take a 360-degree video of learning environments where the student will spend a lot of time. These can be labelled later.
- ✓ For young students, video key people saying "hello" and introducing themselves.
- ✓ Share photos and videos of new locations or key areas on a student's blog (consents needed) so that they can use them to illustrate storytelling at home.
- ✓ Video or photograph the student with their new peers.
