Support socialisation

Take a planned approach to supporting the development of social skills.

- ▲▲ Have students observe others so that they can learn from them.
- ▲▲ Provide opportunities for supported social engagement with peers and adults.
- ▲▲ Teach specific social understanding skills.
- ▲▲ Coach peers to understand the perspective of the student with ASD.
- ▲▲ Structure social supports, particularly for situations where the rules or conventions are not clearly spelled out, such as at break times.
- ▲▲ Encourage whole-school awareness and understanding of ASD.
