

# Reflective question

Consider how your collaboration with whānau influences your practice.

We've got to stop thinking we know what whānau want and just ask. Because whānau will tell you, as a school, an institution, it's what you do with that after they say it which is the important step.

And it's how we ask, and it's how often we ask. And it's how many opportunities we provide for people to be safe in terms of responding openly, honestly, and frankly about what we are doing.
