

The standardised learning support register on the Te Rito

The Ministry is currently trialling a new Standardised Learning Support Register (SLSR) on the Te Rito platform.

The new **SLS register** will provide an overall picture of need and the provision of support at school or cluster level.

Maintaining and updating the Te Rito register will be a key responsibility of the Learning Support Coordinators and SENCOs in your cluster.

Guidance will be available to support clusters to adapt their existing registers and develop new ones.
