Connect with past students

Consider how you can utilise the experiences and stories of past students to motivate and inspire learners.

- Identify role models from your local community.
- Seek out and make contact with local iwi.
- Identify role models across sectors, for example sports, arts, business, medical or science fields.
- Create opportunities face to face or online where students can connect and ask questions.

Invite students to share

Create opportunities for past students to share their story. It can motivate and inspire other learners.
