Develop shared expectations

Promote interactions that support a positive peer culture.

Agree with your students on the behaviours that will help ensure a safe and respectful learning environment.

Consider how you will:

- collaborate and agree on behaviours and expectations with your students
- support students to understand the language and words used within the expectations, for example use pictures, words, and diagrams
- plan to prompt or remind students of expectations prior to learning activities
- display expectations so they are easily accessible as a tool to support student self management.

Develop peer tutoring approaches

The advantages of peer tutoring.

Benefits for tutees

- more individual teaching
- gains in learning
- gains in social/relationship skills, for example, communicating, accepting help
- improvement in attitude towards learning
- improvement in self-esteem.

Benefits for tutors

- practice/reinforcement of skills at earlier levels
- gains in learning
- insight into the learning process
- development of social/relationship skills, for example, listening, encouraging
- development of responsibility
- development of self-esteem.

Benefits for teachers

- increased opportunity to interact effectively with a range of individual students
- more effective use of time
- greater coverage of individual needs
- opportunities to observe students at work, and to assess skills.

Strengthen collaborative strategies

Consider how to build peer-to-peer support through your learning activities and class culture.

A skilled teacher optimises task sequences, not only to directly facilitate the different stages of learning cycles for individual students, but also to build up a peer learning culture that can intensify the challenges and supports for learning.
