Personalising learning checklist

- ▲▲ Create opportunities where students can personalise learning tasks and build on their knowledge, experience, and strengths.
- ▲▲ Develop success criteria with students and present it supported by visuals.
- ▲▲ Encourage and value independent and collaborative work in different formats, such as mind maps, videos, photos, and diagrams, that work for the student.
- ▲▲ Provide opportunities for students to gain confidence using a range of media so they can select the most appropriate to express their learning.
- ▲▲ Make learning support tools available to all students, for example: text-to-speech, graphic organisers, planning tools, and storyboards.
- ▲▲ Use structured, collaborative peer mentoring, and cooperative learning models.
- ▲▲ Discuss the best environments for students to work in during exams and assessments.
- ▲▲ Provide extra time for assessments.
