

Respecting personal boundaries

Teach students about personal space and appropriate distances from others.

- ✓ Be very specific, using visual and kinesthetic cues.
- ✓ Practise in real-life settings.
- ✓ Explain and role-play appropriate and inappropriate touching.
- ✓ Put tape around the floor of each child's desk so that other children know not to enter another student's space without their expressed permission. This sets the stage for understanding personal boundaries.
- ✓ Explain and demonstrate boundaries for the teacher's desk and equipment.
