

Develop independent mobility skills

Help students to get around their local environment safely and get to and from places of work, study, leisure and recreation.

Familiarise students with:

- local destinations that are important for them.
- using maps and digital tools to navigate to key locations such as the library.
- using public transport options.
- independently booking specialist taxi or travel services.
- accessing specialised orientation and mobility services for eligible students with low vision or blindness.

For more information see [Developmental orientation and Mobility services](#) – BLENNZ.
