Value community connections

Consider recruiting support staff who will bring the knowledge and understanding that may result in:

- ✓ a culture of greater understanding and respect
- ✓ an improved level of engagement and trust with the local community
- ✓ a window into the needs and priorities of the community
- ✓ personal introductions to community members or activities that can provide support and advice
- ✓ student success.

Utilising bilingual skills of TAs

Bilingual classroom assistants are uniquely placed to make links for children who share a cultural heritage similar to their own.

[They] are able to build on the form of knowledge and the cultural capital that children bring from home in ways in which few monolingual class teachers are able to do.
