

Consider potential barriers

Barriers are often created when we offer single, inflexible approaches.

Consider these examples of barriers. How could you use technologies or offer a range of approaches to remove these barriers?

Knowledge of learner	Design choice	Potential barrier
Low vision	Paperback book	Text cannot be enlarged
Decodes text slowly	15 minute time frame for multiple choice text	Insufficient time to complete test
Uses a wheelchair	Class presentation on the school stage	Steep flight of steps up to the stage
Hard of hearing	Videos without closed captions	Unable to access content
