New Zealand Disability Strategy

New Zealand schools are bound by the New Zealand Disability Strategy.

The strategy's vision is of a society that values the lives and enhances the full participation of disabled people. It provides a framework to guide government agencies, which are required to report annually on what they are doing to realise this vision.

Objective 1 outlines obligations to encourage and educate for a non-disabling society.

Objective 3 outlines obligations to provide the best education for disabled people.

Objective 13 outlines obligations to enable disabled children and youth to lead full and active lives.
