## What are expert learners?

In a UDL context, expert learners are:

- ▲▲ **purposeful and motivated** (they can manage themselves when they get stuck, collaborate with others, focus on a task, are resilient)
- ▲▲ **resourceful and knowledgable** (they can find and curate information, connect ideas to create new understandings, transfer understandings across contexts)
- ▲▲ **strategic and goal-directed** (they can break-down a task, manage deadlines, organise resources, communicate thinking).
