## Implications of variability

All learners demonstrate huge variability in their emotions, motivations, ability to persist, sustain effort and self-regulate.

It is critically important to intentionally design learning contexts that offer a range of useful supports and options so that each student can:

- find a way into the learning experience
- remain persistent in the face of challenge or failure
- continue to build self-knowledge.

When we don't acknowledge and plan for variability, we can inadvertently create barriers to learning and wellbeing for some students.

## Summary

Having access to electronic content means I don't have to rely on anybody else. It helps me keep up alongside my peers and keeps me engaged.

### Engagement

- Recruiting interest, choice, autonomy, authenticity, relevance, and value.
- Minimise distractions and threats,
- Sustaining effort and persistence.
- Supporting beliefs as a learner, coping skills, and self-reflection.
