Potential barriers

Sometimes a specific component of a task can create a barrier for students if it is not designed with supports in place at the outset.

Consider the following list:

- physical access to materials, resources and workspaces
- locating personal resources
- taking a test or timed assessment
- letter formation
- spelling
- following instructions
- organising ideas
- working with others
- speaking in front of others
- staying focussed
- solving problems
- breaking down a task or goal
- setting a goal.
